Mrs. Stanford's Diamonds.

New York, 11.—Ex-Governor Stanford, of California, has rented the old residence of Vanderbilt on Fifth seame, and will spend the winter here. His wife is said to have the finest diamonds in the city except Mrs. John Jacob Aster. She improved the opportunity presented by a fashionable wedding in as up town thurch the other day to show them to all of her persenal friends at one time. Many ladies present thought it a strange place to appear so brilliantly bedecked, but perhaps cavy was quite an element in their criticisms. The lady wore a magnificent necklace of diamonds, while below it, extending from shoulder to shoulder, was a row of splendid gems, four inches deep; and as if this were not enough to make a decided seesat on, the lady's cars, hear, arms and dress were ablaze with jewels.

The Josephites.

Chicago, '11.—It is not generally known there is in Chicago a branch of the self-styled orthodox Reorganized Church of Latter-day Saints, which violently opposes what it calls the helerodox church. This body is presided over by Joseph Smith, jr., son of him unto whom was revealed many things. The Chicago saints assemble twice on Eundays, in a small room in 218 Madison street, which on week days is devoted to the ritual of various secret societies, and around the walls of which spiritual exhertations of the one and mysterious banners of the others are displayed in glaring contrast. These saints stand by the works of Joseph Smith and find in them what they consider convincing srguments in condemnation of polygamy. The services are much the same as those of the Methodists, and are conducted at present by W. H. Kelly.
